## Peoples Vetoes' Final Push on 9/9

The deadline for gathering signatures for the Peoples' Vetoes to overturn the Tax Funded Abortion Law and Doctor Prescribed Suicide Law is fast-approaching.

**SIGN ON 9/9**

If you have not yet signed the petitions, you will have a chance to do so on **MONDAY, SEPTEMBER 9** by participating in the statewide signing event: **SIGN on 9/9** program. Volunteers across the state will be available for you to sign the petitions as a final push on that day. The goal is to establish enough signing locations so no one must travel more than 30 minutes to sign.

**Please, do not sit idly by as our most vulnerable face state-sanctioned killing disguised as a medical treatment.**

We need more dedicated locations and petitioners! A signing location for **Sign on 9/9** can be a church, a private business, a public space, or a home. If you can provide a location, please [click here](#) to fill out the form with the necessary information to confirm. If you can be a signature gather, please e-mail [carroll.conley@gmail.com](mailto:carroll.conley@gmail.com) and include your name, phone number, town, and hours available to petition on **9/9**.

This is our last chance to get signatures. Please respond today. We will not be going public with this effort until we have a sufficient number of locations and petitioners.

### **What is the Deadline?**

All notarized petitions must be turned into the appropriate town office by Wednesday, September 11<sup>th</sup>! Please do whatever you can to personally deliver your petitions to each town office. If you cannot personally deliver your petitions, contact your field rep **TODAY** and let him know you need assistance. [Click here](#) to see your county field rep contact info.

### **Volunteers Needed**

We cannot overemphasize how critical it is for us to have the volunteers necessary to finish this job.

We need-

- drivers to deliver petitions to town office between now and September 11<sup>th</sup>
- drivers to pick up petitions from town offices to be delivered to our office in Augusta
- people who can travel to Augusta to do data entry for the thousands of verified petitions.

*"The only thing necessary for the triumph of evil is for good men to do nothing."*

Edmund Burke, English statesman

Please, act now and volunteer to get us over the finish line. Join the Life Brigade to reclaim the culture of life in Maine! Every signature counts. Every life is precious and must be protected. Please go to the Christian Civic League's excellent eblast for more information ([eblast](#)).

Pray, fast, and sign on 9/9. If you won't, who will?
