## **PRO-LIFE INDIANA GOVERNOR MIKE PENCE IS "EXCELLENT CHOICE" FOR VICE PRESIDENT**

WASHINGTON – The president of the National Right to Life Committee (NRLC), the federation of state right-to-life affiliates, said today that pro-life Indiana Governor Mike Pence is an "excellent choice" for vice president by presumptive Republican nominee Donald J. Trump. Trump announced Pence as his running mate via Twitter this morning. A press conference is expected tomorrow morning in New York.

**"With a solid pro-life voting record on abortion during his time in Congress, and through his pro-life actions as Indiana governor, Mike Pence has proven himself to be a strong leader for the right to life,"** said Carol Tobias, president of National Right to Life.

During his tenure in the U.S. House of Representatives (2001-2012), Pence, served as a member of the House Judiciary Committee and on the Subcommittee on the Constitution. In those positions, Pence actively participated in hearings and committee action on a number of major pro-life bills, including the Partial-Birth Abortion Ban Act, enacted in 2003, and the Unborn Victims of Violence Act, enacted in 2004. National Right to Life scorecards for those years [are accessible via National Right to Life's Legislative Action Center](#).

As governor of Indiana, Pence has championed several pro-life measures, including most recently a bill that, among other things, would ban abortionists from knowingly aborting an unborn baby solely because of a disability or because of the baby's race or gender. It is currently enjoined pending litigation.

**"Mike Pence brings a strong pro-life background to the Republican ticket, which contrasts with the extreme pro-abortion position of Hillary Clinton and the Democrats,"** said Tobias.

*Founded in 1968, the National Right to Life Committee (NRLC), the federation of 50 state right-to-life affiliates and more than 3,000 local chapters, is the nation's oldest and largest grassroots pro-life organization. Recognized as the flagship of the pro-life movement, NRLC works through legislation and education to protect innocent human life from abortion, infanticide, assisted suicide and euthanasia.*
