Calling ALL Pro-Life Mainers!
Get Out the Vote for PRO-LIFE Candidates!
----Let's Make History on November 6th----

The pro-life movement will be influential in the outcome of the midterm elections. According to Teresa McCann-Tumidajski, Executive Director of Maine Right to Life Committee, there have never been more Maine candidates endorsed by National Right to Life, the nation's premiere pro-life organization, than this midterm. She states,

"This year, we are uniquely blessed to have National Right to Life's endorsement of four outstanding pro-life candidates. This is unprecedented for Maine. We cannot squander all the good works and efforts that have brought us to this momentous time in our state's history."

National Right to Life Endorsements:

Maine Gubernatorial Candidate Shawn Moody

U.S. Congressman Bruce Poliquin, CD 2

U.S. Congressional Candidate Dr. Mark Holbrook, CD 1

U.S. Senatorial Candidate Eric Brakey

DID YOU KNOW?

The abortion lobby and its allies have unleashed millions of dollars in our state to defeat pro-life candidates. We need your help to pull the plug on any so-called "blue wave" pro-abort candidates. Our pro-life incumbent leaders and candidates need our unwavering support.

Our very own Congressman Bruce Poliquin, for example, is facing approximately thirteen outside groups, expensing nearly \$14 MILLION to defeat him. *Did you know that of the 435 Congressional Districts in our nation, the Second Congressional District of Maine has **more** political commercials running than any other district in America, in an attempt to defeat Bruce Poliquin?! No one should be surprised to hear Elizabeth Warren is bussing Boston activists up on a regular basis to defeat Congressman Poliquin. Please be aware that Candidate Jared Golden has voted 100% with Planned Parenthood. Bruce is the only pro-life Congressman in all of New England, and he needs all of our support in this squeaky tight race! Go Team Bruce!*

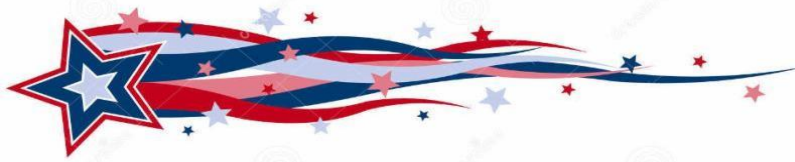

Pro-Life Gubernatorial Candidate Shawn Moody is a candidate Of the People and For the people, including the unborn and those vulnerable populations at risk of denial of care or assisted suicide. He strongly opposes tax-payer funded abortions. This past summer he produced a mailer which stated he "supports the legislative efforts of Maine Right to Life." Recently, Shawn Moody was quoted in *National Right to Life News* as saying, "I support Maine Right to Life's legislative efforts within our state, especially efforts to require parental notification and consent for minors. I am a father, and grandfather, and believe in protecting life." Remember, Candidate Janet Mills is 100% in favor of abortion and is endorsed by Emily's List. *We need to continue to build upon the pro-life legacy that Governor LePage has worked so hard with us to build, and elect Maine's next great Pro-Life Governor! We've got your back, Shawn!*

Dr. Mark Holbrook, the pro-life candidate in Congressional District 1, is dedicated to bringing common sense and compassion to Washington, D.C. Mark Holbrook is the only candidate who has produced pro-life television commercials in which he states he's "proudly pro-life!" For a second time, Mark has stepped up to the plate as a Congressional candidate to defeat pro-abort Congresswoman Chellie Pingree. And for a second time National Right to Life has endorsed him! Chellie Pingree, as you know, is proud of her continuous Planned Parenthood endorsements. Note: Candidate Martin Groham also touts a 100% rating from Planned Parenthood. Let this be the year we finally elect a pro-life Congressman from Congressional District One! *Mark Holbrook is a valiant pro-life candidate who is counting on each one of us. Let's bring some LIFE back in Congressional District One!*

Senatorial Candidate Eric Brakey is the only U.S. Congressional candidate with a 100% pro-life voting record in the Maine Senate during the past legislative session! He is running against 100% pro-abortion Senator Angus King and Candidate Zak Ringelstein who touts the endorsement of the Democratic Socialists of America. Eric Brakey is the only candidate who joined in Maine Right to Life's annual Celebrate Life Walk this past summer. He really walks the walk for *all* Maine people, including our most vulnerable. *Let's bring Eric Brakey across the finish line on November 6!*

Remember, the most fundamental of all rights is the right to life! It is the basis upon which all other rights and liberties can flourish.
